was sanctioned as a temporary measure till the end of June 1906, and the President was requested to submit a report at the end of that period about the working of that establishment. No report was however submitted by the President but the establishment continued to be retained on the strength of the provision therefor in the subsequent years' budgets. The Comptroller has recently brought this irregularity to the notice of the Government, the matter was placed before the Municipal Board and it was decided to retain the 13 Kolkars required permanently. The Board's resolution does not refer to the payment of Rs 9/- a month to the fourth grade, as that is perhaps now unnecessary. Provision on account of this was also omitted for the first time in the budget of 1905-06. The current year's Municipal Budget contains provisions for the 13 Kolkars & Contingent charges

R

2 The receipts from other municipalities are stated to come to Rs 5614-12-9. The pay of the 13 Kolkars excluding Contingent charges as will stand in 1907 [illegible]

In Government order dated 3rd August 1903 the retention of the temporary Octroi establishment of the Shimoga Municipality up to the end of June 1904 was sanctioned, and the President of the Municipality was requested to submit a report on the working of the establishment at the end of that period No report was however received from the President and the want of Government sanction to the retention of the establishment was noticed by the Comptroller only in January 1907

The President has now reported that the Board are unanimously of opinion that the establishment consisting of 13 Kolkars at a cost of Rs 996 per annum may be made permanent

F

As the Octroi revenue of the Municipality is less than Rs.6,000 and the percentage of cost of establishment appeared to be excessive, enquiry was made as to whether some reduction in the establishment could not be effected, but the President's letter dated 9th December shows that no reduction is possible

Both the Councillors are in favour of the establishment being permanently retained

This may be sanctioned
